Melissa

Cudas,

It has been a pleasure coaching you this year. Thank you for welcoming me and my family into your family. The season was a great success from where we started. We went 2 and 3 in Dual meets and had over 160 improved times at Champs. It looks like we had two all-time records broken: Arianna Tomasello in the 15-18 50 Breaststroke 33.97 and Skyler Smith with a 20.68 in the 8u 25 Breaststroke. You can see what stroke the strength of our team is. I am proud of each and every swimmer on the team; great job by everyone.

The Champs meet was one of the most efficiently run meets I have ever been involved with. The parent reps and Volunteers should be commended. Every aspect from hospitality, to officiating, to Marshalls, was done well. Excellent job, thank your parent reps and volunteers.

Our competition is tough. Santa Teresa and Shadowbrook run year round teams out of their cabana pools. Almaden has some of Quicksilver's fast swimmers. The point scorers for Crossgates and Pinehurst are year round swimmers. I was very proud of our team because we had a significant number of point scoring swimmers that do not swim year round. That being said, it is important to swim year round with a quality coach that will help technique, endurance, and set up the team very well for next year. Quicksilver will continue dialogue about a bid for the Creekside pool, although there are numerous issues to be worked out and nothing is imminent. Some of the swimmers on the team already swim with quality year round coaches. For those that do not, Liv with Quicksilver/Silvercreek is a stroke technician and is very good. She can be contacted at [Liv.lyons@scvcc.com](mailto:Liv.lyons@scvcc.com). Silvercreek also has an 8 lane pool, a weight room and a spa. I will be over at Gundersen, for those who want to make the drive. I can be contacted at [lucas@sagemasonins.com](mailto:lucas@sagemasonins.com). A quality coach makes a huge difference.

We are going to be ready next year, from a coaching and swimmer standpoint. As coaches and swimmers we learn from mistakes, correct them and focus on doing the things that will make us faster and better.

It was a pleasure coaching you.

Thank you,  
Coach Lucas

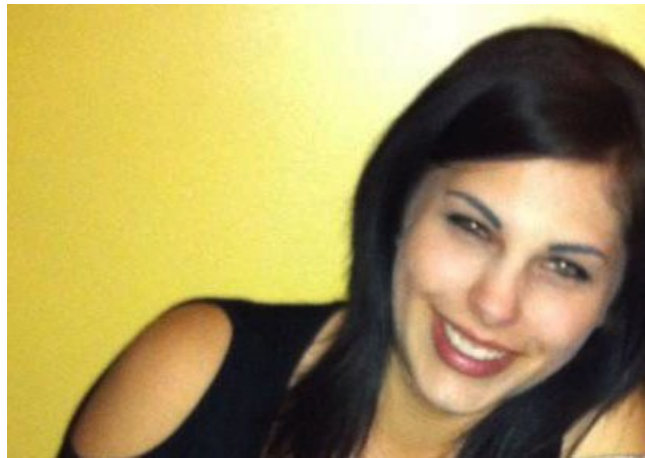

# Meet The Interns

Before you meet each of our fine interns, you may have wondered what it is they do? All three of the interns, Rayna Beltran, Carolyn Seng and Tiffani Tofani have worked non-stop to make every part of the season a memorable experience for the children and the parents of Creekside. All of the rallies, the socials and the championship event have been carefully planned by the interns and captains for your enjoyment.

Dona Nichols With The Interns

## Rayna Beltran

Hi my name is Rayna Beltran and I am an intern for the Creekside Swim Team. Go Cudas! I am a Public Relations major at San Jose State University and plan to graduate in the fall of this year. My main focus for the season is planning and making sure everything goes smoothly for the Championship meet in July. I grew up in San Jose, California and have lived in the area since. In my free time I really enjoy just spending time with my family and friends. Enjoying the little things in life is very important to me and I love to laugh any chance that I get. Helping out with the team has been a wonderful experience so far and I can't wait for what else is to come this season!

# Meet The Interns

## Carolyn Seng

Hi my name is Carolyn Seng. I was born and raised in the San Jose/Silver Creek area and graduated from Silvercreek High School in 2009. I am 20 years old and currently a photojournalism major starting my fourth year at San Jose State University this fall. My hobbies include arts and crafts, discovering new music and photography both digital and film. I came to Creekside because I felt that it made sense to take on an internship which was within my neighborhood community. I have enjoyed planning events for the kids, assuring that they have as much fun as possible and disregarding whether or not things went according to plans. I have also shot and edited the majority of the photos you see on the Cuda Facebook page. The others were taken by Tiffani who you will read about shortly. If all goes well, I should graduate from San Jose State University next Fall. When I do, my plans are to study abroad or to go to the east coast to work for a major music magazine or publisher photographing artists and bands at events.

## Tiffani Tofani

Hello my name is Tiffani and I am a Broadcast Journalism major at San Jose State University. Dona Nichols informed me of this internship with the Creekside Cudas and I immediately was interested. Dona described the tight knit family community of the team and I decided that it would be an enjoyable experience. Throughout the season, I have enjoyed working with the team and the other interns. It was fun organizing and participating in rallies and watching the team members enjoy themselves and bond with each other. I am glad I was given the opportunity to work with such a friendly and positive group of swimmers.

We believe in developing each swimmer and start this with a firm foundation in stroke technique and mechanics. Swimmers add work at age appropriate stages, always building on the foundation.
